Change Information:

Rationale: This course had been offered regularly as an ACS course before being taught as a NUR 189 course. In order to standardize it and put it through the curriculum review process, we are moving to make it a standard course. It is a requirement in the Nursing curriculum for a student who fails a NUR course.

Proposed Start Semester: Spring/Summer 2023

Course Description: In this course, nursing students will develop skills and identify habits that enhance academic success. Topics include learning styles; study, reading and writing strategies; note-taking, test-taking, learning, memory and time-management techniques; and organizational skills in the context of nursing content and clinical judgment (application).
